THE MOST COST-EFFECTIVE HEALTHCARE RECRUITMENT SOLUTION IN THE COUNTRY

The Healthcare Recruitment Need

The healthcare industry is facing significant talent shortages — an estimated **1.2 million** staffing gap for nurses by 2022 and **94,700** staffing gap for physicians by 2025.*

In five years, these numbers nearly triple!

The healthcare industry needs a **cost-effective recruitment solution** that targets quality healthcare professionals and helps combat workforce shortages and turnover issues.

Current Methods Are Tedious and Ineffective

Employers are forced to utilize too many different resources that are neither niche, cost-effective or efficient. ATS systems and internal HR departments are bogged down with non-quality applications while time is wasted on managing multiple platforms and hundreds of resumes that aren't a fit.

Community Health Network

Scott Sendelweck, HR Digital Marketing Manager

HospitalCareers has been a great partner in the search for talented healthcare professionals. The toolset is easy to use and the results have been great! In less than a year, we have obtained 120,000 job views and over 4,000 apply clicks. The analytics show that we are reaching the correct target audience and attracting the best talent to our healthcare network.

University of Kentucky

Emily Curtsinger, HR Employment Manager

We began posting jobs on HospitalCareers.com two years ago and it has proven to be an effective recruitment platform for UK HealthCare. We have had multiple hires who reported finding their job opportunity on HospitalCareers and we have received hundreds of qualified applicants thanks to this resource. Healthcare is such a competitive market that finding a job board which produces qualified applicants and hires is extremely valuable.

What Employers Are Saying

Virginia Hospital Center

Laura Van Syckle, Director of Recruitment

Since 2014, there has been a steady increase in the total applicants through our applicant tracking system from VAHospitalCareers.com / HospitalCareers.com. We have had great success with hiring experienced RN's in a variety of specialties including: NICU, PACU, & Cardiac Telemetry. We have also had great hires for pharmacists, IT support, Nursing support, and Clinical Nurse Educators. One position that was extremely hard to fill was our Clinical Nurse Educator for Oncology and it was our relationship with HospitalCareers that got us the qualified RN for this position.

- For 2016 we had **1,771 applicants** resulting in **142 hires**
- For 2017 we had **1,652 applicants** resulting in **155 hires**

Bill Turner, Vice President - Human Resources

90% of the candidates applying through HospitalCareers.com possess the requisite licensure and experience required for the position posted. We experience a very high percentage of candidates that do not possess the requisite licensure and experience when applying through other job boards.

- The automated nightly scrub process insures our job postings are current without manual updating and intervention, no worries about maintaining multiple job postings to multiple job boards.
- The value for a one year subscription for unlimited job postings is unparalleled. The features offered on this network would normally cost 10 times the amount of the annual subscription fee through another job board or recruitment web site.

INTEGRIS

Loree McMahan, Recruiting Manager

INTEGRIS has found HospitalCareers.com beneficial for exposure in recruiting. We feel that serious healthcare professionals look to entities such as Oklahoma Hospital Association for specific positions to find employers engaged with the learning component and involvement on a local and national level. HospitalCareers scrapes our job board for all jobs which makes it easy to work with them.

THANK YOU!

HospitalCareers is the healthcare industry's leading career destination site, connecting healthcare candidates and hospitals to find their perfect match!
