# VIRTUAL ROUNDTABLE IMPLEMENTING YOUR DE&I INITIATIVES: CROSS- INDUSTRY BEST PRACTICES

OCTOBER 16 | 11 A.M. - 12 PM PDT

CLC and HASC are excited to extend an invitation for you to participate in our virtual roundtable discussion, where we have invited cross-industry perspectives on emerging practices in DE&I implementation.

In this session, leaders from Boston Scientific, Walmart, and UKG will share insights on the evolving methods within their organizations that drive efficiency, innovation, and better outcomes. By understanding these approaches, healthcare leaders can explore how similar strategies can be adapted to improve patient care, streamline operations, and foster innovation in healthcare settings.

Join us for this complimentary insightful session.

[REGISTER HERE](#)

**Complimentary for HASC Member Hospitals:**

Roundtables are complimentary and open to all hospitals that are members of HASC.

**Interested in Presenting or Learning More?**

To learn more about this event or to sign up as a presenter for future roundtables, please reach out to Karen Ochoa at (213) or via email at [kochoa@hasc.org](mailto:kochoa@hasc.org).
