

# Understanding CalAIM: A Virtual Session for Southern California Hospitals and Health Systems

**Tuesday, November 19, 2024  
2:30 - 4:00 PM**

Hospitals and health systems have a unique opportunity to harness the State of California's pledge to transform Medi-Cal through the transformative initiative known as CalAIM.

We invite you to embark a journey of discovery at our CalAIM 101 session, where you will uncover how to utilize newly forged reimbursement structures and capacity investments to elevate financial outcomes, enhance patient care, and strengthen ties with community partners.

This enlightening session will equip hospital and health system executives, leaders, and staff with essential knowledge on CalAIM, including:

- The significance of this initiative and a deep dive into its policies, particularly focusing on enhanced care management (ECM).
- Insights into community support (CS) services, including referrals and authorizations.
- The pivotal roles within the health system that are crucial for implementing CalAIM, alongside considerations for financial sustainability.

This session is designed for case managers, community health navigators, directors of EDs, community benefit and community engagement/outreach teams, government affairs, policy, regional vice presidents, CEO, COO, CFO, CNO.

Join us, as registration is complimentary.
