

Technology and Services to Manage Your Contingent Workforce

Vendor Management Systems (VMS) from AMN Healthcare, a Hospital Association of Southern California (HASC) Endorsed Business Partner, administer your procurement of nursing, allied, locum tenens, and non-clinical professionals. Used directly or with one of the company's Managed Services Programs, VMS solutions from AMN Healthcare can handle hundreds of different labor specializations and multiple cost centers in decentralized or centralized environments.

BENEFITS OF VENDOR MANAGEMENT SYSTEMS

EFFICIENT

Reduce time spent on hiring, staffing, and invoicing with automated processes.

COST-EFFECTIVE

Save administrative time and leverage efficiencies while staying on top of every spending detail.

QUALITY-FOCUSED

Ensure candidates are compliant, reliable, and credentialed through profile matching and quality ratings.

A PARTNER FOR THE ENTIRE RECRUITMENT LIFECYCLE

Beyond technology, the Managed Services approach by AMN Healthcare meets you where you need it, helping you proactively address your evolving requirements. Whether you need management of your entire recruitment acquisition and development lifecycle or selected areas, AMN Healthcare can customize and scale solutions to ensure your success.

FEATURES TO SUPPORT CLINICAL AND NON-CLINICAL WORKFORCE DEMANDS

The vendor-neutral solutions from AMN Healthcare offer your organization access to a vast pool of affiliated vendors, along with the nation's largest and most diverse network of healthcare professionals. Reduce complexity and administrative burden, improve fill rates, and gain peace of mind knowing that you can keep track of every dollar spent.

CREDENTIAL MANAGEMENT

Ongoing management of contingent labor force credentials and qualifications.

SUPPLIER MANAGEMENT

Easily fill open orders through a large pool of pre-qualified suppliers.

TIME ENTRY AND APPROVALS

Save time collecting timesheets through centralized time entry solutions.

KPI TRACKING

Increase fill rates with real-time metrics across any facility, unit, skillset, or cost center.

ORDER MANAGEMENT

Single order entry solution unifies orders across multiple facilities with approval workflows.

CLIENT SERVICES

Receive expert support with any aspect of implementation and account management.
