

# HEALTH CARE SECURITY AND EMERGENCY PREPAREDNESS SYMPOSIUMS

May 7 Valley Presbyterian Hospital, Van Nuys  
July 28 Pomona Valley Hospital Medical Center, Pomona

The Hospital Association of Southern California (HASC), in collaboration with the FBI and City of Los Angeles public safety partners, will host two Health Care Security and Emergency Preparedness Symposiums across Los Angeles County. These full-day programs will bring together health care executives, security leaders and emergency management professionals to address the most pressing physical and cyber threats facing health care organizations today. There is no cost to attend.

## What You'll Take Away

You'll gain timely intelligence, practical strategies and valuable opportunities to boost your hospital's or system's resilience and readiness together with peer organizations and local and

federal partners. Expert speakers will include representatives from HASC member hospitals, city and county agencies, the FBI, the CISA and the U.S. Secret Service.

## Featured Topics

- Workplace violence prevention and active shooter response
- Weapons detection strategies and emerging technologies
- Domestic violence extremism and threat intelligence
- Critical infrastructure protection for health care facilities
- Cybersecurity best practices and ransomware case studies
- Panel discussion with hospital system leaders

## Who Should Attend?

The symposiums are designed for leaders and professionals working in health care settings, safety and security, emergency management, operations, IT, human resources, law enforcement, public health agencies and related areas.
